To whom it may concern

Re: Hi-Tech Stainless Fabrications

Faculty Shopfitting have engaged Hi-Tech Stainless Fabrications for numerous projects and have found this company to be of the highest standards in performance and quality.

Faculty Shopfitting recently used Hi-Tech Stainless on their Esprit Icon Store fitout at Chadstone Shopping Centre. Hi-Tech Stainless were responsible for delivering a high end steel staircase, spanning from floor to floor with frameless glass balaustrade and stainless steel handrails to not only the stair but also the void opening. They also supplied and install two powder coated circular steel columns.

These works were completed on a full OH & S site under strict guidelines and procedures. The installation involved engineering and rigging. Hi-Tech Stainless were able to produce a high end product for a high-end retailer.

Faculty Shopfitting is very pleased to recommend Hi-Tech Stainless Fabrications to any prospective client.

If you require any additional information regarding the above, please do not hesitate to contact me on the above phone number.

Regards,

JON TRELOAR
